ADDING VALUE TO OUR COMMUNITY

December 2019

CLIENT SPOTLIGHT

Our client spotlight this month is Debbie. Debbie has lived in our Community Integrated Living Arrangement home for three years. Debbie's favorite things about her home are her staff, going out to dinner, shopping with staff/peers, her room and social activities. Debbie is close with her sister Deann and all of her family. When Debbie is not at home she enjoys getting out in the community with her sister doing various activities.

ADDWC Employee Spotlight:

Erik Carter, Warehouse/Route Supervisor

It is a pleasure to supervise Erik. He is nothing less than a model employee. His work ethic is unmatched. He is best described as dependable, efficient, knowledgeable, and passionate about his job. He is well respected by his coworkers and the clients that he supervises. Erik is very supportive of the staff he supervises. He invests in their success by offering advice and support to them. It is a true blessing to have Erik as a leader within our ADDWC team.
